## Travel

### *Flights*

There are many flights from Switzerland to Cape Town. Edelweiss flies directly from Zurich to Cape Town. Most other options involve at least one stop.

You will need to book your own flights around the course dates.

### *Rental Cars*

We recommend to hire and share cars to get to and from the range and other locations. The team will coordinate efficient car hire.

One little thing: South Africans drive on the 'wrong' side, so stay alert especially at night!

### *Accommodation*

You will need to book your accommodation in the Noordhoek – Simons Town area. We will coordinate a preferred team accommodation.

## Some more rules

### **Conduct**

Safety is the paramount objective of the whole camp. Make sure you handle your firearms safely at all times even when tired or exhausted. It's better to act a little slower but stay safe than to rush things and be sorry later. Your head is the most important tool for all the challenges of the week. Stay on top of what you are doing at all times!

The participants will work as a team throughout the whole duration of the camp. Everybody will have an equal chance to learn and perform according to his or her abilities. If you see another person struggling get outside of your comfort zone to help him or her and make the team successful.

All participants need to be on time and ready for action as the program requires. Breaks are taken as a group and not individually. If you feel you have to leave the group for whatever reason, ask your instructor first.

Be polite and show respect to all persons at all times. To all other shooters, visitors of the range, workers, personnel of the facility and so on you are an ambassador of SwissAAA and of sports shooting.

### **Registration and Cancellation**

Once the (pre-)payment is received and the participant is approved, the registration is deemed definitive.

Once registered, cancellation with partial or full refund by the participant is only possible for reasons of 'force majeure' such as e.g. grave illness or accident. For any refund, corresponding proof will have to be presented such as e.g. medical certificates or police records that clearly show that the participant could not anticipate the situation and he or she is prevented from participating beyond any doubt. SwissAAA has to be notified in writing with all required documentation latest 30 days prior to event start. Later than that, no refund is possible. If and to what amount a refund is granted remains in any case a decision by SwissAAA and cannot be claimed in any way and for any reason.

Cancellation by SwissAAA is possible at any time for violation of safety rules or gross misconduct such as for example: - posing a safety risk to oneself or any other person - demonstrating gravely

undisciplined behaviour such as disobeying the instructors or safety officers or violating range rules. In this case, no refund whatever is possible.
